

**« Composite RTM Process » installation  
guide**

*Before setting up your software, please check that your computer is provided with the software “**Acrobat PDF Reader**” (starting from version 8). This software is necessary for the visualization of all the products’ datasheets included in the software database, and for the user guide of each module (in English and French). If you do not have this software, make sure you download it and install it on your computer first.*

## I – « Composite RTM Process 2 » software installation:

**Nb** : *To install the software, it is necessary to be log to an administrator*

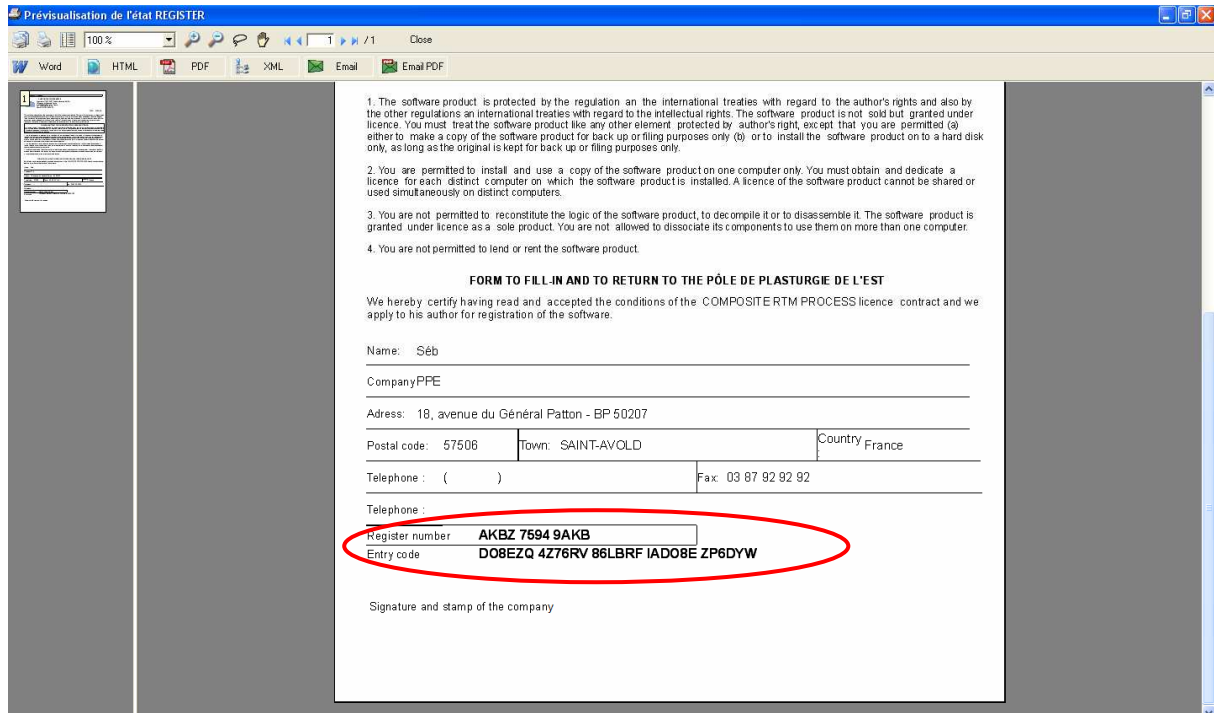

- ✓ Copy the software’s installation file in a suitable folder or install it starting from the provided CD by double clicking on the installation file.
- ✓ Once in the software’s first window and after having selected the installation language, click on a button to accept the terms of the software’s contract in order to continue with the software’s installation.
- ✓ Fill in the window with the information by providing one’s identity as well as all references , necessary for the registration to the PPE for the delivery (after cashing of the payment) of the authorization code.
- ✓ Once the information window completed, pass to a window where a serial number will be automatically allotted (*PC’s serial number on which you will install your software*) :

## II – Authorization code obtaining :

### 1<sup>st</sup> step :

To obtain the installation code giving access to the software's functionalities, click on the button « **Send** » in order to send the registration sheet to the PPE: with the following address : [rtmprocess.support@ppe.asso.fr](mailto:rtmprocess.support@ppe.asso.fr)

1. The software product is protected by the regulation on the international treaties with regard to the author's rights and also by the other regulations on international treaties with regard to the intellectual rights. The software product is not sold but granted under licence. You must treat the software product like any other element protected by author's right, except that you are permitted (a) either to make a copy of the software product for back up or filing purposes only (b) or to install the software product on to a hard disk only, as long as the original is kept for back up or filing purposes only.

2. You are permitted to install and use a copy of the software product on one computer only. You must obtain and dedicate a licence for each distinct computer on which the software product is installed. A licence of the software product cannot be shared or used simultaneously on distinct computers.

3. You are not permitted to reconstitute the logic of the software product, to decompile it or to disassemble it. The software product is granted under licence as a sole product. You are not allowed to dissociate its components to use them on more than one computer.

4. You are not permitted to lend or rent the software product.

**FORM TO FILL-IN AND TO RETURN TO THE PÔLE DE PLASTURGIE DE L'EST**

We hereby certify having read and accepted the conditions of the COMPOSITE RTM PROCESS licence contract and we apply to his author for registration of the software.

Name: Séb \_\_\_\_\_

Company PPE \_\_\_\_\_

Adress: 18, avenue du Général Patton - BP 50207 \_\_\_\_\_

Postal code: 57506 | Town: SAINT-AVOLD | Country France \_\_\_\_\_

Telephone : ( ) \_\_\_\_\_ Fax: 03 87 92 92 92 \_\_\_\_\_

Telephone : \_\_\_\_\_

Register number **AKBZ 7694 9AKB**

Entry code **DOBEZQ 4Z76RV 86LBRF IAD08E ZP6DYW**

Signature and stamp of the company \_\_\_\_\_

↳ This registration sheet shows all the information specific to the user, such as his registration number (*PC's serial number*) and entry code (automatically created).

### 2<sup>nd</sup> step :

Once this sheet sent to the PPE, we carry out your registration and the attribution of an authorization code (to be filled in the suitable case cf. **3**).

**3<sup>rd</sup> step :**

- a. Once the authorization code received by fax or email, click on the software's short cut in order to return to the registration window:

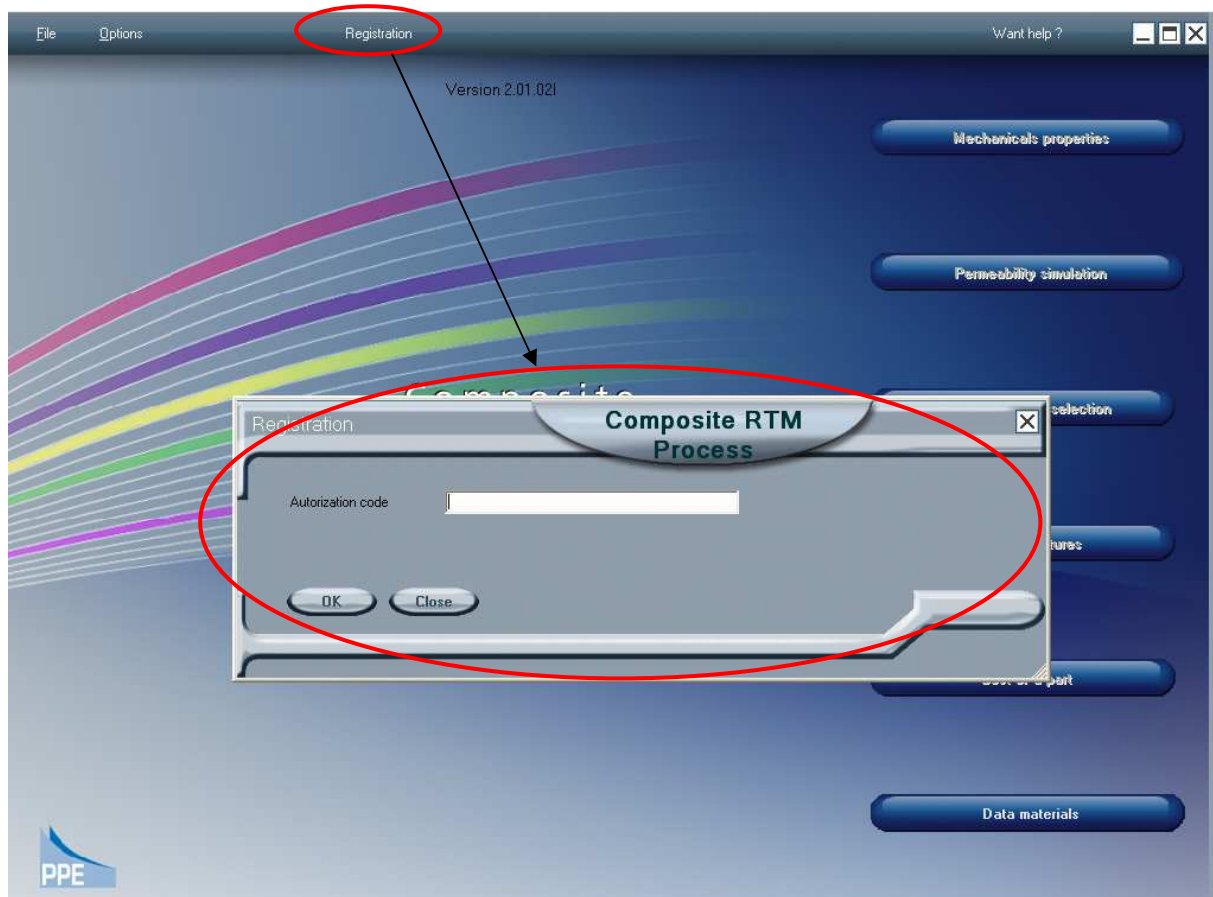

Fill in the **authorization code** delivered by the PPE (once the registration sheet and the payment received)

- b. Once that the code is entered, click on the « **Continue** » button to access the « **Composite RTM Process** » software's main window:

**Nb** : If the user clicks on the “ *Continue* ” button without having filled in the software’s activation code, he will nevertheless be able to reach the software’s main window but without being able to access all of its functionalities → first of all, he must click on the “*Registration*” button in order to enter his authorization code which was delivered to him:

**Nb**: because of the screen resolution (it depends of your computer screen resolution), if you post the principal window of the software in full screen, it is likely to have problems of posting also it is better if the screen is not to its maximum.
